All summer funds will be disbursed on June 16, 2023. Funds cannot be requested earlier, even if you have completed all classes prior to that date.

NOTE: Most summer aid is comprised of loans. If you have remaining federal aid eligibility, we will notify you of such. If loan eligibility is the only aid you qualify for and you have received your full federal loan annual amount, you may require a co-signer for an alternative loan if you still wish to obtain loans to help pay for summer. ****Students placed on Financial Aid Probation after spring grades are posted may not be eligible for the summer aid offered.**
